BOARD COMMENTS ON ITEM 9C

Mr. Joshua Orozco asked that if they are out of the COVID-19 situation and the Governor lifts the stay home order would that mean that the increase automatically goes into effect. Mr. Brent Westmoreland, CRRUA Executive Director replied that based on the way that this was tailored, yes.

Councilor Alberto Jaramillo asked if this was to postpone item.

Mr. Brent Westmoreland replied that this was originally approved back on December 17, 2018 with the rate increase and initial rate adjustment that the board passed to postpone the implementation of the 1.5% increase until the COVID-19 is declared over by the Governor or June 30, 2021 whichever comes first.

Councilor Alberto Jaramillo asked when was the last increase on the water.

Mr. Brent Westmoreland replied July 2019 was the last increase on water and wastewater. We had one decrease on the wastewater.

Chair Councilor Olga Nunez asked that if this was to postpone to go back to the 100% of the wastewater.

Mr. Brent Westmoreland replied that this would not affect the 80% that was approved by the board. This was a pre-scheduled increase that was on the original adjustments and we are requesting it to be postponed.

Mr. Joshua Orozco stated that when the recommendation came back from the consultant on what CRRUA's wastewater rate should be, when the board actually met to increase the wastewater rates we felt rather than doing it once we could do it in a phased approach. This was over four years ago. Therefore, this is one of the phases we are just postponing the phase, due to the stay home order.

Mr. Brent Westmoreland replied yes Sir.

Chair Councilor Olga Nunez asked how the customers are going to be notified of the rate increase.

Mr. Brent Westmoreland replied that a month prior to the increase they will notify the customers in their water bills with a flyer insert notifying them of the rate increase.

Mr. Alex Sierra asked if CRRUA is going to send out a flyer informing the customer of the roll back.

Mr. Brent Westmoreland replied this is not a roll back it is leaving it static.

Mr. Alex Sierra asked if CRRUA knows what the financial impact that this will have is?

Mr. Brent Westmoreland replied that they do not have an estimate in the wastewater. Chair Councilor Olga Nunez asked if this increase supposed to be done in phases.

Mr. Brent Westmoreland replied this is to postpone the prior voted on and approve increase voted on December 17, 2018.

Chair Councilor Olga Nunez asked when the increase should of have taken place.

Mr. Brent Westmoreland replied this is to keep any increase taking place until after the health order has been lifted or June 30, 2021. The increase was going to be implemented July 1, 2020.

D. ACTION ON POSTPONEMENT OF THE 1.5% INCREASE PREVIOUSLY APPROVED FOR WATER AND WASTEWATER RATES FOR ALL CUSTOMER CLASSIFICATIONS UNTIL THE GOVERNOR'S HEALTH ORDER IS LIFTED OR JUNE 30, 2021, WHICHEVER COMES FIRST.

Councilor Alberto Jaramillo moved to approve; Mr. Joshua Orozco seconded the motion. The motion carried 5-0 vote.

BOARD COMMENTS ON ITEM 9D

Chair Councilor Olga Nunez asked if the budget was done with the postponement in mind.

Mr. Brent Westmoreland replied yes Mam; the budget does not reflect any of these increases.

Chair Councilor Olga Nunez asked if this increase was for all customers including commercial and industrial.

Mr. Brent Westmoreland replied yes.

Chair Councilor Olga Nunez asked if item 9C was only for residential.

Mr. Brent Westmoreland replied yes for the wastewater base rate. Other customers will not see an increase.

Councilor Alberto Jaramillo asked that back on December 17, 2018 when this was approved were the customers notified.

Mr. Brent Westmoreland replied yes, there were multiple meetings very well attended by CRRUA customers.

Councilor Alberto Jaramillo asked if this keeps being postponed since 2018.

Mr. Brent Westmoreland replied that this was not proscribed to come into effect until July 1, 2020 and for the next four years.

Chair Councilor Olga Nunez asked that if this was approved prior to December 17, 2018.

Mr. Brent Westmoreland replied no Mam; it was discussed at numerous meetings with CRRUA consultants and engineers as well as the public.
