- <sup>1</sup> The deductible must be met before benefit payments are made for services with coinsurance. Deductible amounts do not cross-apply in the Preferred Provider and Nonpreferred Provider benefit levels.
- <sup>2</sup> After a member reaches the applicable out-of-pocket limit, BCBSNM pays 100 percent of most of that member's covered Preferred or Nonpreferred Provider charges, whichever is applicable. Out-of-pocket amounts do not cross-apply in the Preferred Provider and Nonpreferred Provider benefit levels.
- <sup>3</sup> Initial treatment of a medical emergency is paid at Preferred Provider level. Follow-up treatment and treatment that is not for an emergency is paid at Nonpreferred Provider level.
- <sup>4</sup> Certain services are not covered if preauthorization is not obtained from BCBSNM. See a Member's Benefit Booklet for a list of services requiring preauthorization.
- <sup>5</sup> Preauthorization is required for inpatient admissions. Some services, such as transplants and inpatient physical rehabilitation, require additional preauthorization. If you do not receive preauthorization for these individually-identified procedures and services, benefits for any related admissions will be denied. See a Member's Benefit Booklet for details.
- <sup>6</sup> Rental benefits for medical equipment and other items will not exceed the purchase price of a new unit.

**NOTE:** BCBSNM provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims, except as may be specified in the Administrative Services Agreement.

**IMPORTANT:** Deductible amounts and coinsurance percentages are applied to BCBSNM's covered charges, which may be less than the provider's billed charges. Preferred Providers will not charge you the difference between the covered charge and the billed charge for covered services; Nonpreferred Providers may.
