Discolored Water Calls for August 2024

The Camino Real Regional Utility Authority (CRRUA) reports in its voluntary monthly discolored water report, that it received five calls from customers for discolored water in August 2024. Discolored water calls include brown or yellow water.

CRRUA Discolored Water Calls by Month

Month/Year	Number of Calls
February 2024	28
March 2024	20
April 2024	07
May 2024	01
June 2024	0
July 2024	0
August 2024	5

Causes include water line breaks, water wells returning to service and hydrant flushes that disturb naturally occurring sediments that accumulate in the distribution system over time.
